WORK EXPERIENCES

- **Research Assistant, Family Office Italia SCF, Rimini (Italy)** **August 2022 – Present**
FOI is a Financial advisory firm leader in Italy. My main responsibilities are making research, writing articles and scripts for YouTube videos. Currently I'm focused on creating their first preparatory course to pass the exam for future financial advisors. Our main purpose is to help them become professionals in the financial field.
- **Junior energy consultant, Energika S.r.l, Rimini (Italy)** **October 2022 – January 2023**
Energika is a company specialized in energy consultancy where I worked as an energy consultant. My job tasks there included analysis of the energy market, comparison of client offers, energy bills checking and tax credit calculation. In Energika I gained experience about working under pressure and with various clients. I also learned teamwork and cooperation with my colleagues.
- **Logistics worker (seasonal), La Cesenate S.P.A., Cesena (Italy)** **July 2021 – September 2022**
La Cesenate is a food company. There I took care of control of incoming and outgoing vehicles used for the transport of tomatoes to be processed. I was charged of issuing transport documents, quality control and inventory monitoring. My work also included duties of responsibilities during night shift.
